Papers without a clear indication of authorship and publication date are also cited only as a footer reference.

Scheme:

Title: Subtitle. Retrieved 1 January 2001, from [http: //full.address.this.text](http://full.address.this.text)

Example:

Promodel, Version 4.10, Promodel corporation [[www.promodel.com](http://www.promodel.com)].

## **Technical word processing**

The page size is A4. The text is written by a computer in Times New Roman lettering, lettering style "ordinary", size 12, spacing 1.5 lines, alignment "double-sided". Chapter headings are written in size 14 and subheadings 12 are in bold. Each chapter should start on a new page. Chapter headings are written in uppercase, and small headings, drawn to the right. The titles of tables and figures are written in bold size 10.

Each page should be numbered in such a way that the pages until the Introduction are numbered in Roman numerals and the pages from the Introduction onwards in Arabic numerals. Number one is omitted from the introductory page and numbers from two onwards are indicated.

**1. Cover text:**
